

THE OBSTACLE REMOVER TEMPLATE

Boost engagement by clearing just one road block a day

When team members feel stuck, they shut down. But when supervisors work to clear even small obstacles, it builds trust, shows support, and creates momentum. This template helps supervisors spot what's in the way and take visible action. You don't need to fix everything, just one thing a day can make the difference.

 Date	 What's getting in the way?	 Who raised it?	 What action did you take?	 Did it help? (Yes/No - follow up)
8/20/2025	Forklift blocking materials isle	Jacob (operator)	Talked to logistics lead; moved staging area	Yes

Why it Works

 Seen and valued
  More productive
  Aligned

Need help building these habits into your daily operations?
